

“Air-brake restriction comes off automatically after you pass skills” vs airbrake-restriction-removal detective

Force written **whether restriction removal needs a separate air-brake skills path** when the pitch says it auto-clears after skills. Invents no restriction codes. Pairs airbrake manual decoder + auto skills restriction. Independent — not FMCSA. **Not legal advice.**

- **Order:** auto-clear pitch → written removal path → this detective → deposit.
- Skills pass ≠ restriction removal unless their writing says so.
