

“Pass medical once — good for the whole program” vs medical-certificate expiry detective

Force written **medical-certificate validity window** vs program length when the pitch says one exam covers everything. Invents no expiry months. Pairs OOS medical accept + medical clinic fork. Independent — not FMCSA. **Not legal advice.**

- **Order:** certificate copy → written validity → program length compare → this detective → deposit.
- One exam ≠ whole-program coverage unless the certificate’s own writing says so.
